## GOALS

To work for an organization which provides me with the opportunity to improve my skills and knowledge to grow along with the organization objective.

## PROJECTS

**Web Dev Syndicate Website, January 2022-Today:** Helped create a website for our club using VS Code.

- Taught new and existing club members how to setup VS Code as well as guide them through fundamentals of HTML, and CSS.
- Brainstormed different ideas and concepts as a group for our website.
- Created a GitHub repository for our website.
- Learned how to use Gimp to design our images.

**Virtual Casino, February 2022-March 2022:** Developed a virtual casino with C++.

- Used VS Code on Mac to develop this.
- Created a fully functioning casino that allows you to gamble an imaginary amount of money for as long as you want or until you are ready to quit.

**Personal Website, August 2019-December 2019:** Designed my own website using Wix.

- Created multiple pages with information about me as well as format them to my liking.
- Website includes an About Me, Blog, Resume, and Home page.
- Learned how to apply a downloadable file or link to a webpage button.

## TECHNOLOGY SKILLS

**Programming Languages:** Experienced in C++, and familiar with HTML, CSS, and JavaScript.

**Operating Systems:** Windows 10, MacOS.

## EDUCATION

**University of Texas at Arlington | Arlington, TX**

- B.S. in Computer Science | Diploma expected 2024.

**Tarrant County College, August 2018-May 2021**

- Associate of Arts.
- Phi Theta Kappa Honor Society Member.
- Vice President of Web Dev Syndicate Club.
- Honoree of Merit List Spring 2020.
- Honor Roll Spring 2019.
- Honor Roll Fall 2018.
